

THE HERALD.

JOHN P. BARRETT, Editor.

WEDNESDAY, MAY 2, 1883.

BOWLING GREEN. With a population of 3,000, has five weekly, one semi-weekly and one daily paper.

SOME want Jones, but others do not. Buckner will climb Jacob's ladder before he gets to Frankfort.—*Owensboro Times.*

COL. SAM MCKEE of Louisville was tried and discharged upon a warrant charging him with charging and collecting an illegal pension fee.

We regret to learn that hydrophobia has made its appearance in Calhoun. Several dogs highly prized have been killed by order of the officials.

MR. MARSHALL W. NEAL, late business manager of the *Glasgow Times*, has bought an interest in the *Evansville Home Journal* and has become business manager of that paper.

HENDERSON has a company already organized with sufficient capital to start a first class cotton factory. That's business and the *Reporter* man needs to be proud of it, as he shows in his last issue.

J. P. GREGORY, of Daviess county, sold his crop of White Burley, a few days ago, for \$22 50, \$20 00, \$18 00, and \$15 50 per hundred pounds for leaf, \$12 00 and \$11 00 for the lugs, and \$5 50 and \$5 35 for the trash.

The Republicans of Graves county recommended E. W. Bagby, of Paducah, for Governor; S. R. Crumback, of Hopkinsville, for Secretary of the Navy; and endorse the nomination of Gresham as Postmaster-General.

PROF. W. B. HAYWARD, of Ohio county, candidate for Superintendent of Public Instruction, delivered a fine address to a good audience, at the Court House last night.—*Owensboro Post.*

M. C. GIVENS, of Dixon, Ky., is warning up the officers of the Kentucky Masonic Mutual Life Insurance Company at a lively rate and shows the concern to be largely behind in paying its death losses and in an embarrassed condition generally.

The post offices of McHenry, Ohio county, and South Carrollton, Muhlenberg county, will become money order offices after July 1st, 1883. Also Morehead, Owensboro, Irvine, Mount Vernon and Shepherdsville.

ELKTON Register, J. T. and J. J. Edwards, of our county, sold their crop of 6,000 pounds of White Burley tobacco, grown on four acres, at the Louisville Warehouse Sherry & Glover, proprietors, at the following prices: \$21 50, \$14 50, \$14 00, \$13 25, and \$6 00 per hundred pounds.

The mass meeting of the Democrats at the court house next Saturday evening to elect delegates to the State Convention, should be largely attended and give Prof. W. B. Hayward such an endorsement as he merits. After instructing for him first, last and all the time, it should adjourn without further instruction.

PROF. W. B. HAYWARD of Ohio county, candidate for Superintendent of Public Instruction, spoke at the court house Wednesday night to an audience of about one hundred and fifty persons. His address was replete with original ideas, clothed in the choicest language. At the conclusion he was warmly applauded. Prof. Hayward has made many staunch friends during his visit here, and it is conceded on every hand that he will carry the county.—*Owensboro Messenger.*

AT Briggsville, Ohio county, there was a terrible storm yesterday and hailstones fell almost as large as peas. A veracious correspondent says that in Hunter's cut, on C. O. & S. W., the hailstones gathered in such a quantity from rolling down hill that a train was delayed an hour.

The above has been published in the dailies under the head of "Kentucky News." Where is Briggsville? where is Hunter's cut? It's news to the people of Ohio county.

THERE is one universal rejoicing in Hartford over the removal of Frank Turpin as agent of the C. O. & S. W. R. R. Co. at Beaver Dam. We understand he goes to Kansas and we are all willing he shall stay there the balance of his days. Col. I. M. Doon filled the place there for years and everything was attended to in a manner that gave perfect satisfaction, but our freights, express matter, etc., have been delayed in every way possible since Turpin has been in charge. We understand that an excellent agent and operator in the person of Mr. Oliver, formerly with the L. & N. R. R. Co., is now in charge and is an accommodating, experienced man and one that will attend to his duties strictly. So note it be.

GIVENS, of the *Gleaner*, thinks a man is not entitled to any honors or emoluments because of past services to his party. Well leaving these out of question, we would like to inquire if Col. Thos. L. Jones is not the equal of his competitors, and does not our friend think he would make a good Governor? We have nothing to urge against Col. Jones' competitors on the score of ability and integrity, but as he is their peer in every respect and has labored in and out of season for his party, while they have been quietly, leisurely feeding on the leaves and fishes of office, we sincerely think the Democratic party of the State owes Col. Jones the nomination, and it would be doing nothing more than its duty by a faithful servant in giving him the governorship.—*Madisonville Times.*

The Logan county Republicans have instructed for A. M. Swope, of Lexington for Governor.

We would be glad to see as many Democrats as possible out to the mass meeting at the court house next Saturday evening. Let us give Prof. W. B. Hayward such an endorsement as a true and tried Democrat, ripe scholar and fine business man, as he richly deserves. He is the best man in the field for the office of Superintendent of Public Instruction.

The dailies are full of the shocking details of the Thompson-Davis tragedy at Harrodsburg. It is not our purpose to detail the story of the criminal intimacy of Walter H. Davis and Mrs. Thompson. If they were guilty, and circumstances are against them, swift and terrible has been their punishment. After the shooting, Thompson went in the Circuit Court, then in session, gave himself up and then gave his statement of the case. His speech was that of a man feeling that he had been foully wronged and outraged by his neighbor and relative. The crowd was much affected by the statement of Thompson and the sympathy of the entire community seems to be with him. Hon. Phil B. Thompson, or "Little Phil," as he is known, is deservedly popular throughout the country and numerous telegrams of sympathy and condolence are being sent to him daily. The Grand Jury is now in session and before this appears, may have acted in the matter. If the Grand Jury indicts him, it is not believed he will be punished. That he acted as he believed upon facts and not bare suspicions, we have no doubt, and we regret exceedingly that this shadow is to be cast over one of the most heroic and brilliant young men of the State.

It is Not.

The tariff is the only living issue before the country. Take it away and there is positively nothing between the parties to dispute about. One by one the Democrats have wrenched from their opponents all their constitutional positions held ten years ago. They have extorted from the supreme court and Republican administrations a surrender of all the false policies and practices born during the reconstruction period. The Republicans still cling with palsied hands to their protective war tariff, the manifest voice of the country, demands that it, too, be surrendered. Is this a time, then, to lay the tariff aside and invite a popular apathy on the only national question that has blood in it?—*Missouri Republican.*

Phil B. Thompson, of Harrodsburg, and member of Congress from that district, shot and instantly killed Walter H. Davis, of that county, on the cars near Harrodsburg last Friday.

As you requested, I report the election held at this place on the 28th inst: Sixty-two votes were polled, 54 for Coleman and 8 for Williams. Sixteen instructed for the strongest man as 2nd choice, Williams, 25; Coleman, 7; Weller, 3; 9 for Coleman only.

Two or three uninstructed, Williams votes will freely support Coleman if he (Coleman) is nominated. That he will be, we presume is certain. Evidently the old veteran, whose fidelity to his party, no amount of collusion and abuse has ever shaken, whose highest aspiration is a seat in the Legislature, and whose one single, unyielding, unconquerable purpose of "getting there" is crowned with a tenacity akin to Sparta and Grant; with his many representative qualities that will never down has crushingly overriden all obstacles and turned opposition into sympathy and warm support.

Now, let us vindicate this old hero, indicate him who is the staunchest, purest, truest Democrat this side the days of Jefferson and Jackson. With our hats tossed high in the air, let us with one prolonged, enthusiastic, patriotic, Democratic yell, whoop him in.

Health is good and farmers are at work.

Mr. R. J. Mason, one of our leading farmers, is about through planting corn. He broke most of his ground last fall, and it is very fertile and will, no doubt, yield well.

Wm. M. Paris, Esq., is our boss sweet potato man: he has 700 slips set out.

Mrs. Ambrose is afflicted with heart disease, but we trust she will be up soon.

The Culture of Beauty.

Although nature alone can produce perfect beauty, art may in a great measure supply nature's deficiencies. We see this instanced in the clearness and more imparted to even a sallow skin by Gleaner's Sulfur Soap. The lady of forty, who uses this beautiful drops at least ten years of her age. Unlike the dangerous cosmetics which obstruct the pores, it is entirely harmless. See that "C. N. Crittenton, Proprietor" is printed on each package, without which none is genuine. Sold by druggists and fancy goods dealers.

Information Wanted.

WHEREAS, my son, John, L. Overby, who lived near Dixon, in Webster county, Ky., was called away from his home on the 12th day of April, 1883, at about 4 o'clock in the afternoon, since which time I have heard nothing of him; and I appeal to the people and to the press for any information concerning him, or to that will lead to his apprehension. Has the following marks on his person: Initials of his name tattooed on one arm and picture of a woman on the other; a star on one hand and a heart on the other. When he left he

The Secretary read the call of the County Executive Committee. Moved and adopted that three letters be appointed to take vote of the Democrats present. J. Edwin Rowe nominated J. H. Weller, H. B. Kinsolving nominated Hon. Jesse S. Williams and J. Warren Barnett nominated W. D. Coleman.

Horton Items.

Editor Herald:

Mrs. Boyd Crowder, of Princeton, has been visiting relatives here and returned home Wednesday, accompanied by her sister, Nannie Edwards.

Mollie Heavenin, who has been visiting acquaintances at Millwood, has returned.

Mollie Lawton returned here on the 28th inst. Her subject was "Perseverance and Fame."

The citizens of this place will meet at Bellet next Sabbath for the purpose of organizing a Sunday school. Hope there will be a successful school.

Mrs. Jennie Ray and Mrs. Baltzell, of this place, went to Rosine last Friday on a pleasure trip. They report a pleasant time.

Jim Polk Thompson, Esq., and his sister, Inez, attended services at Mt. Vernon yesterday.

The State Company is doing a good business here.

Mr. Beckwith and family, of Litchfield, have located here recently.

No more news. ARTHURIA.

They can Sell it in 1884.

The patriotism of J. B. And & Bro. of Knottsville, is worthy of imitation. They have a hoghead of tobacco twenty-two years old, which they declined to sell when first priced for \$400, because they believed the price too low, and afterward agreed between themselves to hold it until a Democratic President was elected and inaugurated. They thought the time had come in '76 when Tilden was elected but he was not inaugurated; they made no attempt to sell. Their hopes were again blasted when Hancock was defeated, but they are now looking forward to the contest of '84 with renewed hope when McDonald is to triumphantly enter the White House. The hoghead bears evidence of having passed through the civil war, there being a number of bullet holes in it.—*Owensboro Messenger.*

The Muhlenberg Riot.

The *Messenger* is in receipt of later particulars of the riot among the railroad hands in Muhlenberg county. On Thursday morning a posse of men summoned by the Sheriff arrested six more of the rioters and started to Greenville. When they arrived in the town and turned the prisoners over to the Sheriff, he said:

"There are only five here; you told me you arrested six. Where is the other?"

"He is dead," calmly replied the spokesman of the party; and then it was learned that they were overtaken on their way by a man named Terry, who with a shotgun shot and killed one of the persons, a negro named Mayfield, one charge going through his head and another through his body. The corpse was left on the roadside. It seems that Mayfield had made threats against Terry's life, swearing that if he could not kill him he would turn his house and kill his wife and children. Terry was arrested.—*Owensboro Messenger.*

Livermore Lugs.

April 28, 1883.

Editor Herald:

Several events have happened since my last, the most noteworthy being the shooting of Joe Melitt, of Livermore, by a man named Bratcher of Butler county. George Wiggins, who Melitt said was the cause of the shooting, was arrested by town marshal Freeman and taken to Harrodsburg for trial, the shooting being done in Ohio county. I might tell the particulars, but as the trial will take place in your town you can hear all about it and tell it better than I.

Green River is on a rampage again. Reamer's factory is idle, Weir & Moorman's ditto, Osborne's saw mill is going.

S. W. Rowan received enough furniture last Tuesday to stock a wholesale furniture store.

Lee Whitaker and wife, Mrs. G. B. Hoover, R. A. Gore and wife, Mrs. S. T. Hoover and Miss Ida Priest all went to Owensboro Monday.

Tumor is on the wind that a smashing, smashing big party is to be given somewhere in town to-night. I do not know whether it is true or not, but if it is I hope it will be a good one. Invitations have been sent to Owensboro and I suppose everywhere else.

Mr. Ford has not brought his machinery here yet.

The small pox scare has not abated. Every day the sound of the saw and hammer is heard around the new hotel.

More bye and bye. Pop.

Obituary.

Died, on what is known as the Warner Cobb farm, two miles south-west of Fordsville, this county, Thursday, April 5th, 1883, of consumption, Sarah Hester, consort of Woodford Sharp, in the 25th year of her age. Hester, as she was called, was born on the second day of January, 1859, and was a daughter of Tobias B. and Martha Max. She was not a church member, but her conduct was that of a Christian lady, and previous to her demise, she expressed herself as perfectly satisfied with her hope in Christ, saying that all would be well with her in that home prepared for the redeemed. On the 6th, her remains were laid by the side of her little son in the graveyard on the farm of John Miles. Thursday the 19th, her husband, after taking leave of his friends and looking at the graves of wife and child, perhaps for the last

time, departed for the home of his father, living near Foster's Landing, Pendleton county, Kentucky. Previous to his marriage, he was a stranger to us, but during the time he resided in this community, he has by his prompt business transactions and devotion to his sick companion, made many friends and he takes the sympathy of the entire community in his sad bereavement. FORBES.

Paradise Pick-ups.

Editor Herald:

Green river is booming. Health of our village is good. Business moderately good.

Mrs. John Simmons, a well known and highly respected colored lady, died the 28th inst. of consumption. Her husband is a well to do farmer and striving to emulate some of our best farmers.

Eq. Guss Rock, the ubiquitous traveler for Hart & Co. of Louisville, paid our little town a flying visit Thursday, and also sold a couple of bills of Hardware to some of the business men.

John Rosenberger, the traveling agent for Patrick & Wilson, wholesale notion dealers, of Evansville, was in town a few days since. Come again, John; the girls like spicy young men.

Little Emmet James and sister, of Rockport, are visiting their grandpa, Daniel Kimmel, who lives two or three miles south of Paradise.

Dr. W. F. James and wife, of McHenry, were visiting his father at this place last Saturday and Sunday.

Misses Doll and Jennie Magee, who have been spending a few days with relatives at and near this place, returned last Thursday to their home near Owensboro.

The third quarterly meeting of the Greenville circuit will be held at Paradise on Saturday and Sunday the 12th and 13th inst. We cordially invite the citizens of Ohio county to attend. Those who are so fortunate as to be in attendance will be hospitably entertained.

The wheat crop in this neighborhood is looking some better, and the prospect for a crop is only moderately good.

Rev. A. B. Smith, of Ohio county, pastor of the Baptist church at this place, failed to deliver his oration here last Sunday on account of the incessant rain.

COOK EYE.

Rosine Racket.

April 30th, 1883.

According to promise and after a long silence, I will again try and give your readers a few items from this little village.

Farmers are all busy preparing for crops. The unfavorable weather, of which we have had an abundance this spring, has caused farmers to get considerably behind with their work. We are now having some fine weather and things look more cheerful and prosperous.

There is a good prospect for fruit of all kinds, which we should all appreciate because it is seldom we have a good crop of fruit in this section of our country.

The wheat crop looks well, considering the season, and promises a good yield; so we may expect a few biscuits yet in the near future. The acreage of wheat is equal to or greater than that of last year.

Business is brisker than usual in our town at this time of the year and prospects for trade the coming summer are brightening.

J. Raley & Son, two of our most energetic and enterprising merchants, have gotten their store house finished up in good style. Mr. James Raley left for Louisville yesterday for the purpose of buying a large stock of spring goods. J. Raley & Son are business men from the crown of their heads to the soles of their feet, and they propose that the firm of J. Raley & Son shall take the cake for large sales and small profits.

H. L. Tier will move into his new house in a short time with a full line of family groceries. Success to you, uncle Henry, in your new house.

H. P. Watts & Co. have bought the blacksmith shop, rock, formerly owned by W. B. Kuykendoll.

Mrs. G. W. Ray and Mrs. Henry Baltzell, of Horton, were visiting Mrs. Curley Friday.

Mr. C. W. Mason, of Leach, Ky., accompanied by Misses Katie Clasy and Sallie Curley, were visiting friends in town Saturday.

Mrs. Ragland returned home from Owensboro Saturday, where she has been visiting the family of Mr. E. B. Allen.

J. B. Rogers and family were visiting near Gasburg last week.

As freight train No. 12 was going east yesterday morning, R. P. Day was thrown from the caboose near here; he was able to sit up all day and return to Central City in the evening.

I will close with three cheers for W. D. Coleman, W. B. Hayward, C. T. Allen, Anderson's Bazaar and last, not least, the HERALD.

Good-bye, for I think I see my—my paper is near all used up.

More anon.

J. J. TILFORD.

Slaty Creek.

April, 1883.

Editor Herald:

Please give me space in your new columns to accomplish a necessary reform and a much needed public service, and at the same time prevent confusion among your host of readers who are often confused by reason of the many different names applied by county contributors to the cross-roads from which they write. But to explain: Many years ago Rev. Judson Taylor built a large church here which was called No. 1 at the dedication. Long after it had been called No. 1 it was designated as Slaty Creek, and for many years was known as No. 1, or Slaty Creek. But when stores, factories, smithshops, saw and grist mills loomed up and it began to assume the importance of a country village, then it was that some one, not known now,

possibly my own sex, growing tired seeing the gentlemen sit on goods boxes, and having no sympathy with them, christened it Gasburg. I repent bitterly that I have contributed under this caption, and my apology is that no more will this blooming, blushing "Daisy" do so again, but under the proper name, Slaty Creek. I hope hereafter that it will be remembered that Slaty Creek No. 1 and Gasburg have harmoniously blended into Slaty Creek, giving it back its former and better name.

As some of your readers have a relish for poetry, and expressed a wish that I should contribute, I would like to accommodate them, but, knowing the fate of all the spring poets, I desist.

Best wishes for your success and happiness, and hoping that all the inhabitants will take the county paper; as they should, I add nothing more.

DAISY.

From the Far West.

MARSHFIELD, OREGON, April 15, 1883.

Editor Herald:

Your paper has found its way to our home through the means of a kind aunt and I assure you it is a welcome visitor.

As I see many letters written to your paper from different places, I will write a sketch of this country as some of your readers wish me to tell what I know. Coos county is situated on the 43rd parallel, north latitude, therefore, the climate is mild. We have had but few frosts and one snow and the fields have been green all winter. The stock live on the range and some are good beef. Many winters we have no snow in the valleys and when we do, it seldom remains longer than a day or two. This winter, which was an unusually cold one here, yet the coldest weather we had was 20° above zero and that only two weeks, therefore judging our climate by its latitude would greatly mislead people in the East, both as to heat in summer and cold in winter; the thermometer seldom indicating above 75° or 80° in the summer, and the nights being invariably cool. A climate so mild and equitable, could not be other than invigorating and healthful, and probably no healthier climate is to be found in any country than that of Oregon, and Coos county, being bounded by the ocean on the west and guarded by high mountains from the hot winds sweeping across the continent from the east, is peculiarly free from fevers and malarial diseases. The topography is altogether different from that of either the western or Atlantic States, consisting of hills or uplands, covered with dense forests of fir, hemlock, spruce and cedar, which rear their tall heads several hundred feet above the surface, which is covered with vegetation and undergrowth, in many instances, so rank that if a tree happens to fall across the road it is simply impossible to get around. People accustomed to the open forests in the East, would fail to realize the dense undergrowth without seeing for themselves. Along the rivers and small streams are smaller valleys that are also covered with

PERSONALS.

Persons in town having visitors or any other item they would like in this column would confer a favor if they would inform this office. The town is not very large, but one hand can't get all over it every day and run a newspaper.

—Rev. J. W. Taylor preached at Centerville last Saturday night and Sunday. He had quite a large and appreciative audience on Sunday.

—If you want a nice cool drink of soda water go to Williams Bros. The ice in it is cut by their new ice cutter and is nicer cleaner and cooler than the old way.

—Samuel Barnett has moved from the Morris Barnett farm, on No Creek, to the farm recently vacated by the death of Mr. Stephen Woodward, and will cultivate the place this year.

—D. F. Tracy will handle the Harvest Mower and Reaper this season. It is a first class machine. He also has a lot of good wagons, buggies and Avery plows on hand for sale at a bargain.

—Thos. A. Gilstrap, of Centerville, Ky., is one of the best merchants in the county. He believes in printer's ink, and hence has had a big run of trade, and will hold it, for he always does all he advertises that he will do.

—Mrs. Fide Wise, having secured the house of Mrs. Alice Kimbley, desires to inform her friends and the public generally that she is prepared and will entertain transient custom and will be thankful for patronage.

—Rev. J. W. Taylor, Colporteur, is canvassing the county selling Bibles and Testaments. He will canvass the Point neighborhood this week. He is also authorized to receive subscriptions for the Hartford HERALD.

—Mr. V. P. Addington has just received a new lot of goods. He is one of the fairest, squarest dealers in the county, is a good judge of goods, has long experience, buys for cash only and sells as low as any one handling the same class of goods. Call on him and see if what we say is not entirely true.

—Something new under the sun, a glass lamp with a neat, cheap, non-combustible, non-trimming required, no danger of explosion. They produce a clear, brilliant light and will last for three years ordinary burning. For sale by Thos. & Kimbley, Hartford, Ky. P. S. We have tried one and found that it works like a charm.—Ed.

—Gentle spring has come at last. Buds and blossoms now unfold. Goods of rarest style and taste.

—At the Exchange store are sold. And clerks though this may appear is true in every word and letter. And we say boldly, without fear. That you never can do better.

Thos. Gilstrap, Exchange Emporium, Cincinnati, Ky.

—Married, at the residence of F. W. Pirtle, near this place, Wednesday, April 25th, 1883, by Rev. J. A. Bennett, Willie Tabor, of Sulphur Springs, to Miss Belle Pirtle, eldest daughter of F. W. Pirtle. Sam Wallace and Miss Mollie Crow, attendants. They left soon after the ceremony was performed for Pardon Tabor's near Hines' Mill, where a nice reception awaited them. We wish them a life of unalloyed happiness.

—Jerry Williams, of Williams Bros., this town has invented a new ice cutter which is the most perfect thing of the kind we have ever seen. It has an apartment where the ice is kept from melting and a separate place for the ice to cut. The ice is held in its place by a spring, and the cutting is done by a wheel of knives turned by a crank and the finely shaved ice falls through a tube into a glass ready for use. Call and see it.

—By invitation of Z. A. Rosenberg we took a peep through his store one evening last week. We found that he had a very complete assortment of dry goods, clothing, notions and every class of goods the people need. When we priced them we were perfectly astonished at their cheapness. Reader, if you will go to Rosenberg's you will find just what you need, and find the price to suit. Try it and be convinced.

—Lost—May 1st, '83, my dead-head book. I will charge 50 cents for each passenger to and from Beaver Dam and must have the pay when the work is done until I find that book, due notice of which will be given.

—We learn from Judge A. B. Baird, Auctioneer, that the property of the estate of S. Woodward, deceased, especially horses, cattle, sheep and hogs sold very high at the sale last Friday.

—The reason that Thos. Bros. have such a fine trade is, that they keep good goods, well assorted, sell at fair profits and attend closely to business and are exceedingly obliging and accommodating to their customers. They deserve success.

—On Thursday, the 5th inst., the Fordsville undertaker, E. F. Forbes, had two orders for coffins within five minutes of each other; one wagon took both coffins; they went to the same neighborhood and were laid in the same graveyard.

—An infant of Thomas and Zelma Ford, living two miles south-east of Fordsville, died on the 5th inst. In the evening its remains were laid with other members of the family in the graveyard on the farm of John Miles.

—Thomas Greer, of Beda neighborhood left last Saturday for St. Joseph, Mo., to consult Dr. S. A. Richmond. Mr. Greer has long been afflicted with epilepsy, and we sincerely trust he may return home permanently cured.

—Thomas L. Baird, clerk of the Hartford House, says that he is absolutely certain that if the County Court will expend another thousand dollars on the levee north of Hartford it will be impossible. Tom, how deep did you say that water was?

—Born—To the wife of John T. Hocker, April 20th, 1883, a son; weight eleven pounds. Dr. W. J. Berry, of Beaver Dam, attending physician. Mother and son doing well and John T. a happy papa. John, you have our congratulations.

—James L. Miller, Esq., of the Hardin Ashley neighborhood, passed down last Sunday with a large raft of saw-logs bound for Evansville, Ind. He had engaged the most of them previously to running them to Col. W. H. Moore, agent for John A. Reitz & Sons.

—Henry Arment, the boss carpenter and builder of the Green River universe, left last Friday for Caneyville, being sent for by Hardin Wilson, who unfortunately lost his dwelling by fire recently. Mr. Arment will go from there to Bevellyville, thence to Falls of Rough. He has propositions for work at all these places.

—The levee on the Owensboro road from Hartford to the high land near Col. Shanks' is in a terrible condition. We know in our residence of nineteen years here, of enough money being expended on that piece of road to build a stone wall, eighteen feet wide, above high water mark, clear across the flat and it is in worse condition now than ever before. Cannot something be done to fix it?

—Mr. H. C. Shaft, foreman of this office, has a bracket-saw with which he makes from the most exquisite patterns brackets, card-baskets, photo frames—from small to cabinet size—doll beds, stools, furniture, &c., &c. Any one wishing anything in that line will do well to call and purchase some of his artistic work.

—Hines & Barnett, tobacco dealers, of Hartford, purchased a crop of white burley tobacco, growth of 1882, of A. J. Carter, a few miles above Hartford, and have sold a hoghead of it through Meguar, Helm & Co., proprietors of the Ninth Street Warehouse, Louisville, Ky., for the snug sum of \$16.75 per hundred.

—Mr. Thomas L. Baird, the polite and handsome clerk of the Hartford House, while crossing the levee last Friday evening in a buggy, accompanied by Miss Laura Midkiff, met with quite an accident. The water was all over the levee, and in driving, went too near the ditch. The buggy, horse and inmates were precipitated. Tom, realizing the situation, began work; he first rescued the young lady and next the horse, leaving the buggy in the water. The party then started on foot for the Hartford bridge, wading in the water the whole way. The young man deserves great credit for his activity in rescuing the young lady and horse. They reached town safely, but were the wettest couple you ever saw.

—At the Union Sabbath school in this place, Judge A. B. Baird is giving a series of talks or short lectures to the scholars and visitors, upon the early condition, history and settlement of this county. He occupies about 20 minutes after the regular exercises are through. On Sunday last he gave a description of the animals that were here before the advent of the white man, their peculiarities, &c. In regard to the mode of life, instincts and habits of the beaver his lecture was decidedly interesting. On next Sabbath his subject will be the first inhabitants of this county, who they were, their mode of life, &c. It will pay you to go and hear Judge Baird next Sabbath.

—Col. W. H. Moore, of Hartford, agent for John A. Reitz & Sons, Evansville, Ind., has bought full 15,000 logs for his firm that have been run out of Rough Creek alone this year, which have brought back to the county full \$45,000, and will, when sawn up make 4,500,000 feet of lumber. This, in addition to the timber bought on Green River and other tributaries by Col. Moore is a big thing. He has given entire satisfaction to his firm, and he and the firm have conducted business so as to satisfy all the raftsmen. In addition to the purchases of this firm, other firms have been large dealers in the Green River country, and it is safe to say that \$100,000 have been scattered around here for timber alone during the past fall and winter.

—We are glad to learn that the little boys of Dan T. Wilson, near Horse Branch, who were poisoned last week by eating pork root thinking it was sweet potato, have entirely recovered. They are indebted to the prompt and skillful treatment of Dr. N. J. Rains, of Rosine, for their speedy recovery.

—The Ladies' Social met at the residence of Mrs. W. F. Gregory on Saturday night last. Notwithstanding the inclement weather a good number attended, and a nice little sum was realized to aid the Baptist church in this place. The next meeting will be held at Mrs. S. W. Anderson's on Saturday night, May 12. All are invited.

—A. J. Carter, Esq.; living a few miles above town, found in his orchard recently a peculiar fruit that looked as though it might be a water bird. He brought it to our office and some of our sportsmen who saw it pronounced it a water hen. It would not eat or drink, so we had to turn it loose to keep it from dying.

—Mr. Jacob Small, the popular young salesman for H. Small's Trade Palace, has been making some needed repairs and changes in the Trade Palace. He has newly varnished the counters, rearranged the commodious show cases and systematized his whole stock so as to be able to wait on his hosts of customers. The store looks like a real palace now. He will receive new goods this week.

—H. D. Rinton, an old citizen of the Centerville district, died last Friday night after a long illness. He sent for J. Edgar Rowe, a lawyer of this town, last week to write his will. He bequeathed 400 acres of land and personal property to Mrs. Harriet Moseley, 200 acres of land to the heirs of Wm. Moseley; proceeds of a house and lot in Greenville, to be sold by the executor, to the widow and heirs of Wm. Moseley. J. Edgar Rowe was appointed his executor.
